Problem Category:

X Functionality          _ Requirement          _ Standards          _ Interface

Problem Description:

Mobile application hangs when trying to process a schedule.json with sections that contain no sessions.

Incident assigned to: Robert McLeod                    Date: 2014-06-11
Signature: *Robert McLeod*

Action Taken:

if statements were added to both the schedule data filter and the session data filter to make sure loops aren't trying to be run on null objects.

Fault Resolution:
